

WORKING GROUP 3; "new overall topic for the next years"

- AMI = - more remarkable in the public
- what is the outcome?
 - what missions we can take back home?
 - what is the use of things we listen to?
 - how we can work in the armed forces?

AMI is much to unknown!

- we have to reflect to the own identity as a catholic organization
- what are the real needs of the soldiers in reality
(not the needs we think are needed)
- 2011: world youth day with the Pope in Spain, maybe it is an opportunity to
be present there as AMI!
- establish a summery of prayers for soldiers
- catalogues with Christian resources (multimedia)
- AMI = FRIEND
Jesus Christ is our friend, what does it mean?
- Jesus Christ is risen and he's relevant
He's with our soldiers and wants to be with us
- Collaboration with non-catholic organizations
- exchange: how are the different governments responsible, dealing to "cool
down" or prepare their soldiers coming home from a mission abroad
- working group: to cook together and to discuss our God and The World
- Are we doing / can we do something for the retired soldiers? And vice versa,
can they do / support / work for us?
- How 'fishing' the young generation?
- Invite young catholic soldiers for a conference even as their leaders

Delegates from Austria, Germany, UK, Spain, Netherlands, Slovakia and Switzerland where participating in this working group.
