

APOSTOLAT MILITAIRE INTERNATIONAL

Colonel Michael JEDLIČKA
AMI Vice President & Liaison Officer

Future Challenges

- Cooperation on an international level within the Forum of Catholic inspired NGOs. Unfortunately there have been no activities for the last two years
- Especially the possibility to benefit from an exchange of views and to be a part of an international Catholic network adds some valuable aspects to our work as Catholic lay people.
- AMI tries to be present at the international centres in Geneva and Vienna to be an active member of the international community of Catholic lay organisations.

Activities 2013

- Participation in workshops and conferences of the OSCE and other international organisations in Vienna (with special permission of the permanent representative of the Austrian Armed Forces)
- Organisational support for our AMI Secretary General

Activities 2013

Support of the AMI President - especially in organisational and coordinating matters

Activities 2013

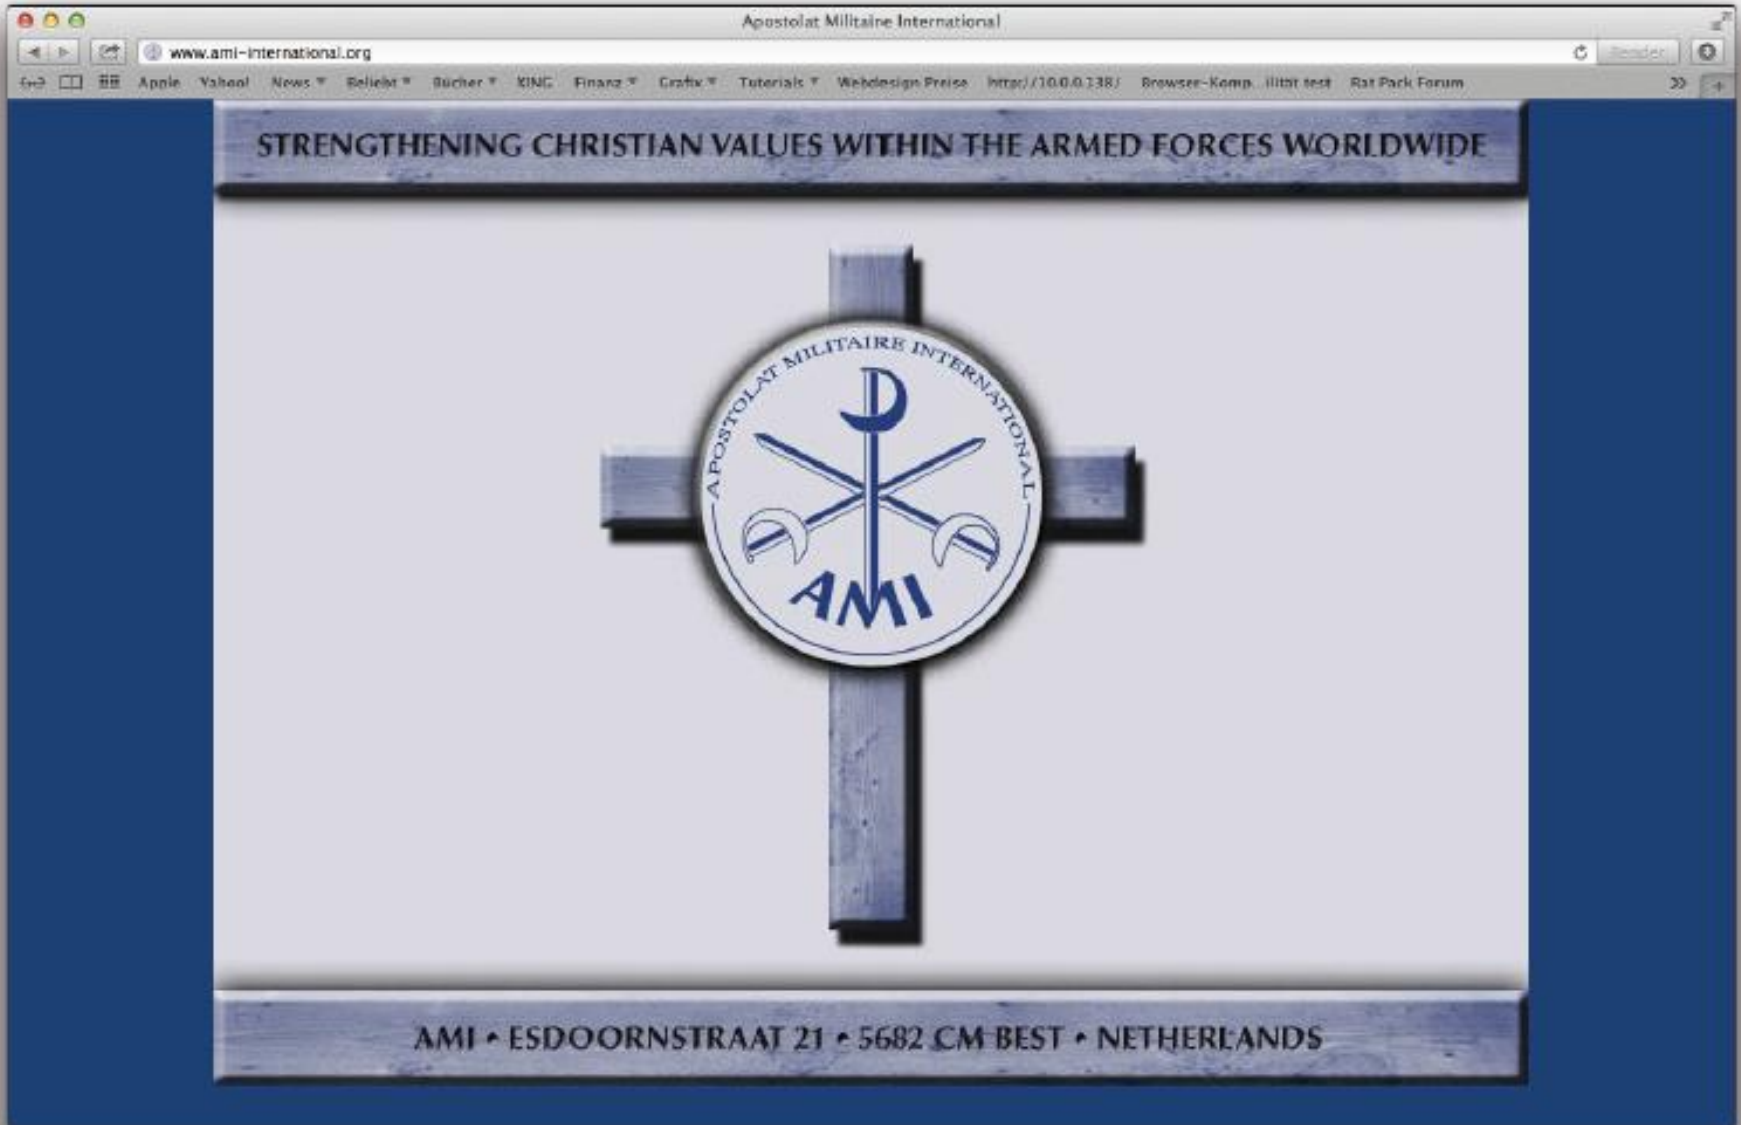

Support of the new President of the Austrian Association of Catholic Soldiers (AKS)- Brigadier Martin JAWUREK- in organisational and coordinating matters to deepen international cooperation

Activities 2013

- Redesign of the new AMI-homepage (responsible for the content) together with our Webmaster Christian Sinn (Webadmin, Design and Graphics)
- Legal info: © Apostolat Militaire International. All rights reserved

Activities 2013

- As successor of WO II Andreas KOPPERS I will lead the documentation project of the history of AMI until the jubilee in 2015 (AMI was founded in 1965 in Santiago de Compostella, Spain).
- I am truly grateful for historic information, photographs and documents
- We will present the jubilee publication at the 2015 AMI General Assembly in Spain

Activities 2013

**The direction for AMI is obvious,
let's go the course together.**
