

Working Groups

We follow the classical three-step model in Catholic Social Teaching on War and Peace (see, judge, act).

The three questions for the workings group are:

1. See: which are the main challenges and problems for the (Catholic) military in the present globalizing world;
2. Judge: which are the key ethical values we need as Catholic soldiers to confront the challenges mentioned under 1?
3. Act: what can we and should we do (as Catholic soldiers) in response to these present challenges for peace?
